

Notice of Job Opportunity & Filing an Application
for Permanent Employment Certification

COMPANY: Indiana Tech
POSITION: Assistant Professor
WORK SITE: 1600 E Washington Blvd, Ft Wayne, IN

This Notice is being provided as a result of and shall serve as Notice pursuant to 20 CFR 656. 10(d), that Indiana Tech is filing an Application for Permanent Employment Alien Labor Certification for the following position. The employer intends to permanently employ a foreign national in the job opportunity described below:

Assistant/Associate Professor of Computer Sciences

At Indiana Tech, we excel at educating students from all walks of life, for all kinds of meaningful work. We're a truly inclusive community of learners, ensuring that students are supported, inspired, and empowered to maximize their professional prospects, advance in their careers, and improve their lives and the lives of others.

Indiana Tech is a thriving, independent, teaching-oriented institution with a focus on career/professional programs in business, engineering, information technology and computer science, criminal justice, life sciences, human services and many other concentrations. Indiana Tech enrolls approximately 1,500 students in its traditional programs on its main campus and nearly 5,000 students in its College of Professional Studies programs at 15 regional locations and online. Degrees are offered at the associate, bachelors, masters and doctoral levels. Over 41% of our students are either globally or domestically diverse; this contributes to our unique vibrant and inclusive campus community. Indiana Tech's picturesque main campus is located on 45 acres near downtown Fort Wayne. All academic programs are designed to provide students with relevant and practical experiences, including an emphasis on internships. The university is accredited by the Higher Learning Commission.

Indiana Tech embraces diversity and equal opportunity intentionally. We are committed to building a team that represents a variety of backgrounds, perspectives, and skills. We believe that diversity and inclusion among our employees is critical to our success with respect to educating our students to become global citizens. We are an equal opportunity employer.

The Indiana Tech community recently engaged in a comprehensive strategic planning process, designed to develop a roadmap for continued growth and development leading up to our centennial year in 2030. Learn more about our compelling plans for our future at [Indiana Tech Strategic Plan](#).

The Warrior Community seeks a full time faculty member for the College of Engineering. This is a tenure-track position and will be responsible for teaching and developing courses with primary teaching emphasis in Computer Sciences or related courses as

assigned by the Dean. The position includes teaching four courses per semester, advising students, and collaborating with colleagues to achieve the Institution's Strategic Plan. Additional duties include designing and revising program curricula, developing and redeveloping undergraduate courses, particularly in the online modality, delivering effective courses to meet learning outcomes, holding office hours, fulfilling service and professional development requirements, advising and fostering relationships with students, and actively participating in student recruitment and retention.

A qualified candidate will be able to teach courses that cover topics including programming (e.g. Java, C++, Python, JavaScript), AI/Analytics programming techniques, databases (SQL, NoSQL), operating systems, data structures and algorithms, and embedded/IOT development. This is a tenure-track, 9-month position teaching in face-to-face and online course delivery. This faculty position reports to the Dean of the College of Engineering.

The preferred faculty member will hold an earned doctorate in Computer Science or a closely related field. College-level teaching experience and experience teaching programming are required. Candidates with a Master's degree in Computer Science and with College-level teaching experience will be considered. Faculty rank will be commensurate with academic credentials and experience.

A complete job description is available to qualified candidates.

Application materials must include a cover letter, vitae, and transcripts. Faculty are expected to provide official transcripts upon hire.

To apply; email HR@indianatech.edu
